Some actions taken:

Appointed an ad hoc committee on non-interpretive issues for discussion of these issues and production of educational video tapes (in conjunction with the American College of Radiology).

Posted suggested curricula for residency training, submitted by subspecialty societies, on the APDR website.

Posted residency and fellowship openings on the APDR website

Continued discussion with SCARD and their subspecialty program directors to establish a fellowship match.

Established and fortified APDR liaison to thirteen radiological organizations including ACR, ABR, RSNA, RRC, AUR, among others.

Elevated the Education Committee from an ad hoc committee to a standing committee.

Converted the annual survey from paper to an email survey.

Formally invited the Association of Program Coordinators in Radiology to become an affiliated organization within APDR.
