

## [Essentials of the 2019 APCR Sessions at AUR](#)

Hello APCR Members!

We look forward to seeing you in Baltimore. As in past years, we would like to use this moment to remind everyone of the exciting upcoming sessions at the AUR 67<sup>th</sup> Annual Meeting. The APCR board has been working diligently behind the scenes to make your AUR experience the best it can be. If you haven't done so already, please take a moment to check that your contact information is up-to-date on the APCR website. This is a great way to stay connected with old and new friends at AUR.

This year's meeting theme is "Educating the Future." For our APCR specific sessions, we are going to highlight the Program Coordinators and your ever-growing role within your programs. As we are now recognized as part of the leadership teams of our programs, coordinators are integral to the success of programs.

Lastly, make the most out of your time at the Annual meeting! Be sure to browse the AUR Online Meeting Program where you will find session, travel, and local attractions information: <https://aur2019.aur.org/>

## Back to the Future: Take your Wellness from Zero to Hero

Tuesday, April 9 | 10:00-11:30AM

Based on survey results from AUR 2018, the Wellness Committee recognizes that sometimes it is hard to feel like a hero due to the demands of the job which can leave individuals feeling mentally and physically exhausted. **Sandra Palma, Jessica Craig** and **Kelly Aronson** will present in a unique forum that speaks specially to our needs. The interactive session is geared towards coordinators in radiology, created with each one of you in mind. Mixing wellness and business, we hope to provide you with tools that leave each of you feeling like the hero he or she is, every single day.

## Facing the Future: Change Management in Radiology

Thursday, April 11 | 8:00-9:30AM

Are you ready to face the future? Does it really require change management in radiology? As you are aware the new ACGME common program requirements are effective July 1, 2019. Tune in to our session on how the factors driving change in US healthcare affect the coordinator/administrator's work role. How the coordinator/administrator can use this understanding in managing a training program. How the coordinator can make the necessary changes to meet these new program requirements and how to communicate the ACGME changes to residents. This session is brought to us in partnership with the Radiology Leadership Institute (RLI), Dr. Frank J. Lexa, **LaToya Wright APCR member**, and Dr. Aleks Sorra Chief Resident at UT Southwestern Medical Center.

### Problem Solving for Residents, Program Directors, Coordinators, and Chairs

---

Thursday, April 11 | 3:00-4:00PM

---

An excellent small-group discussion session that combines the knowledge of you, residents, PDs, and Chairs to problem solve and formulate solutions commonly found in programs.

---

### New Coordinator Foundation Course

---

Friday, April 12 | 10:00AM-3:00PM

---

APCR will host the 3rd Annual Foundation Course for our newest members. The New Coordinator Foundation Course spotlights the essentials of which all Radiology Residency and Fellowship Coordinators need from Day 1 in the profession: the timeline and description of responsibilities, familiarity with multi-media resources for professional and networking references, and problem-solving forums incorporating the experiences of novice and experienced PCs alike.

If you have worked for two years or fewer in the position of program coordinator, this course will help you build a strong base upon which you can professionally expand.

There is no added fee to attend the New Coordinator Foundation Course, however **you must register** here: <https://bit.ly/2T514JJ>
