

## **MARTHA B. MAINIERO, MD**

### **APDR PRESIDENT 2011-2012**

The APDR continues to be a strong, active organization. This year we continued to work closely with the leadership of multiple societies, including the ABR, ACR, RSNA, SCARD and the ACGME, so that the expertise of program directors can be utilized in making decisions on multiple levels that affect residency education. Many of our past presidents have leadership roles in these societies which further strengthens the collaboration.
